

FROMM P404 Combination Plastic Strapping Tool

The FROMM P404 Plastic Strap Combination Tool is robust, reliable, simple & cost effective. The P404 is ideally used as a low volume PET strapping tool or as a back-up tool.

You can pick up this tool and use it anywhere, anytime as it operates without the need of a power source or any secondary tools.

Whether you need a manual tool that will work reliably, or you need a back-up tool that is always ready when you are, the P404 is the ideal choice.

All equipment is supported by our on-site mobile service team and spare parts are readily available.

Polyester (PET) Strap

For optimal strapping efficiency we recommend our range of Star Strap-Plus Plastic strap. Talk to our friendly staff today!
