

# SWEED MODEL CL200 CUT-TO-LENGTH CHOPPER

**For Plastic Strapping - Simple to Maintain  
and Designed for Years of Industrial Use**

**Sweed's cut-to-length plastic strap dispenser is designed to increase strap cutting efficiency and worker safety**

By automating the strap cutting process, workers receive accurately cut pieces of strap, eliminating waste and reducing material costs. Additionally, the CL200 aids in reducing worker injuries from repetitive cutting operations and lacerations that can occur when strapping is manually cut.

Operation of the CL200 is quick and easy: load the spool with plastic strapping, prefeed the strapping end into the CL200 cutter head, program the length and quantity of required straps, machine turns off automatically at the end of the batch run.

## CONSTRUCTION FEATURES

- » For plastic strapping up to 38 mm wide
- » Continuous speed
- » Bi-directional cutting design
- » Accurate cut lengths to +/- 6 mm
- » Auto shut-off at batch end
- » Non-jamming design
- » Banding spool holder with adjustable tension control
- » Two-wheeled dolly support stand for easy manoeuvring
- » Two year FROMM warranty

## SWEED MODEL CL200

**TECHNICAL SPECIFICATIONS**

PERFORMANCE DATA	
Electric Motor	0.16 HP
Electrical	Single Phase, 240 V / 60 Hz / 2.1 A
Air Consumption	4 CFM 80 psi
Cutting Force	500 lbs
Outfeed Speed	12 metres / minute
Cut Length	Programmable
Minimum Cut Length	152 mm
Maximum Cut Length	305 m
Minimum Batch Setting	1
Maximum Batch Setting	1000
Overall Dimensions	L 508 x W 685 x H 1090 mm
Machine Weight	77 kg
Shipping Weight	115 kg
