

## Polypropylene (PP) Strap

FROMM offer Polypropylene (PP) strap used in applications such as bundling of newspapers, box strapping in the food industry and general warehouse use to save money on freight.

Polypropylene (PP) strap from FROMM Packaging is designed and manufactured specifically to meet the tolerances and specifications that ensure trouble free operation in all popular brands of strapping machines.

Available from the simplest 12 mm hand strap with plastic buckles to machine grade high-speed "state of the art" strapping.
