

## Pallet Shrink Wrap Bags

Specially manufactured for industrial use in a range of sizes, standard Australian pallet sizes always in stock. Custom sizes and printing available. Perforated on rolls for easy operation.

Pallet shrink bags come in a variety of lengths to suit your pallet height. Once heated, shrink wrap conforms to the exact shape of the product.

To be used with the FROMM Packaging Australia Heat Shrink Gas Gun, shrink bags are an alternative to using shrink film. Simply slip the bag over your pallet & shrink.

## Shrink Film Tubing

To be used with the FROMM Packaging Australia Heat Shrink Gas Gun, shrink film will shrink & conform to the exact shape of the product once exposed to flame. Once heated, shrink wrap conforms to the exact shape of the product.

### ★ Benefits

- Excellent visual properties
